Professional Experience

11/2025 – 04/2026

Chennai, India

Junior Full-Stack Engineer (Internship)

CyberDude Networks (Pvt) Ltd. 

- Gained advanced skills in Tailwind CSS, JavaScript, DOM Manipulation, React.js.
- Learned backend basics, including CRUD API creation with Node.js, Express.js and MongoDB.
- Built and enhanced full-stack applications using the **MERN stack (MongoDB, Express.js, React.js, Node.js)**
- Designed and developed interactive UI components using **Bootstrap and Tailwind CSS**

01/2025 – 04/2025

Maruthamunai, Sri Lanka

QA Tester

Worked as a **QA Tester at TITUM (PVT) LTD** for 4 months, responsible for manual testing of web applications. Identified, documented, and reported bugs to improve product quality and user experience. Collaborated with developers to verify fixes and ensure smooth deployment.

Education

04/2023 – 12/2024
Maruthamunai, Sri Lanka

Higher National Diploma in Software Engineer

11/2023 – 04/2024
Maruthamunai, Sri Lanka

Diploma in Information Technology

Projects

03/2026 – 04/2026

Sri Handloom Ecommerce Website, *Final year individual project*

Built a **Sri Handloom E-commerce website** to showcase and sell traditional handloom products with a smooth shopping experience. Implemented features like product listing, cart system, user authentication, and order management with a responsive UI.

Tools & Technologies: React.js / Next.js, Node.js, Express.js, MongoDB, Tailwind CSS, Git & GitHub.

01/2026 – 02/2026

multi-timer-dashboard

Developed a **Multi-Timer Dashboard** web application to create and manage multiple timers simultaneously with start, pause, and reset functionality. Implemented real-time updates with a responsive and user-friendly interface for better usability. Used modern frontend technologies to ensure smooth performance and clean code structure.

Soft Skills

- Strong communication and teamwork
- Critical thinking and problem-solving
- Adaptability and continuous learning
- Time management and efficiency
